

Earth Days Week 2015, What Does it Mean to be Green?

# Careers in

Presented by Career Services  
Thursday, April 16  
10:50 am-12 pm  
Ellison Campus Center, MLK Room

# SUSTAINABILITY

Come listen to professionals in the field of environmental sustainability and public health talk about the growing opportunities in the field of sustainability and environmental science. Students are welcome to ask questions and learn about various types of green jobs available after graduation. Lunch will be served.
