

Witch City : A Dangerous Gamble

Importance of this work

Necromancy

Curses

Transformations

Witches are a threat to our safety and especially dangerous to our children !!!!!!!

Witches are known Kidnappers !!!!!!!

GOAL: to determine which schools are in danger of predatory witches and their demonic friends

Creation of “Witch Haunts” and “At-Risk Schools” tables

What is a “Witch Haunt” ???

- Place witches are likely to congregate
- Place witches are likely to shop at
- Any spots they are likely to visit or bring their demonic friends to
- Sacrificial and other wicked ceremony sights

What is an “At-Risk School” ???

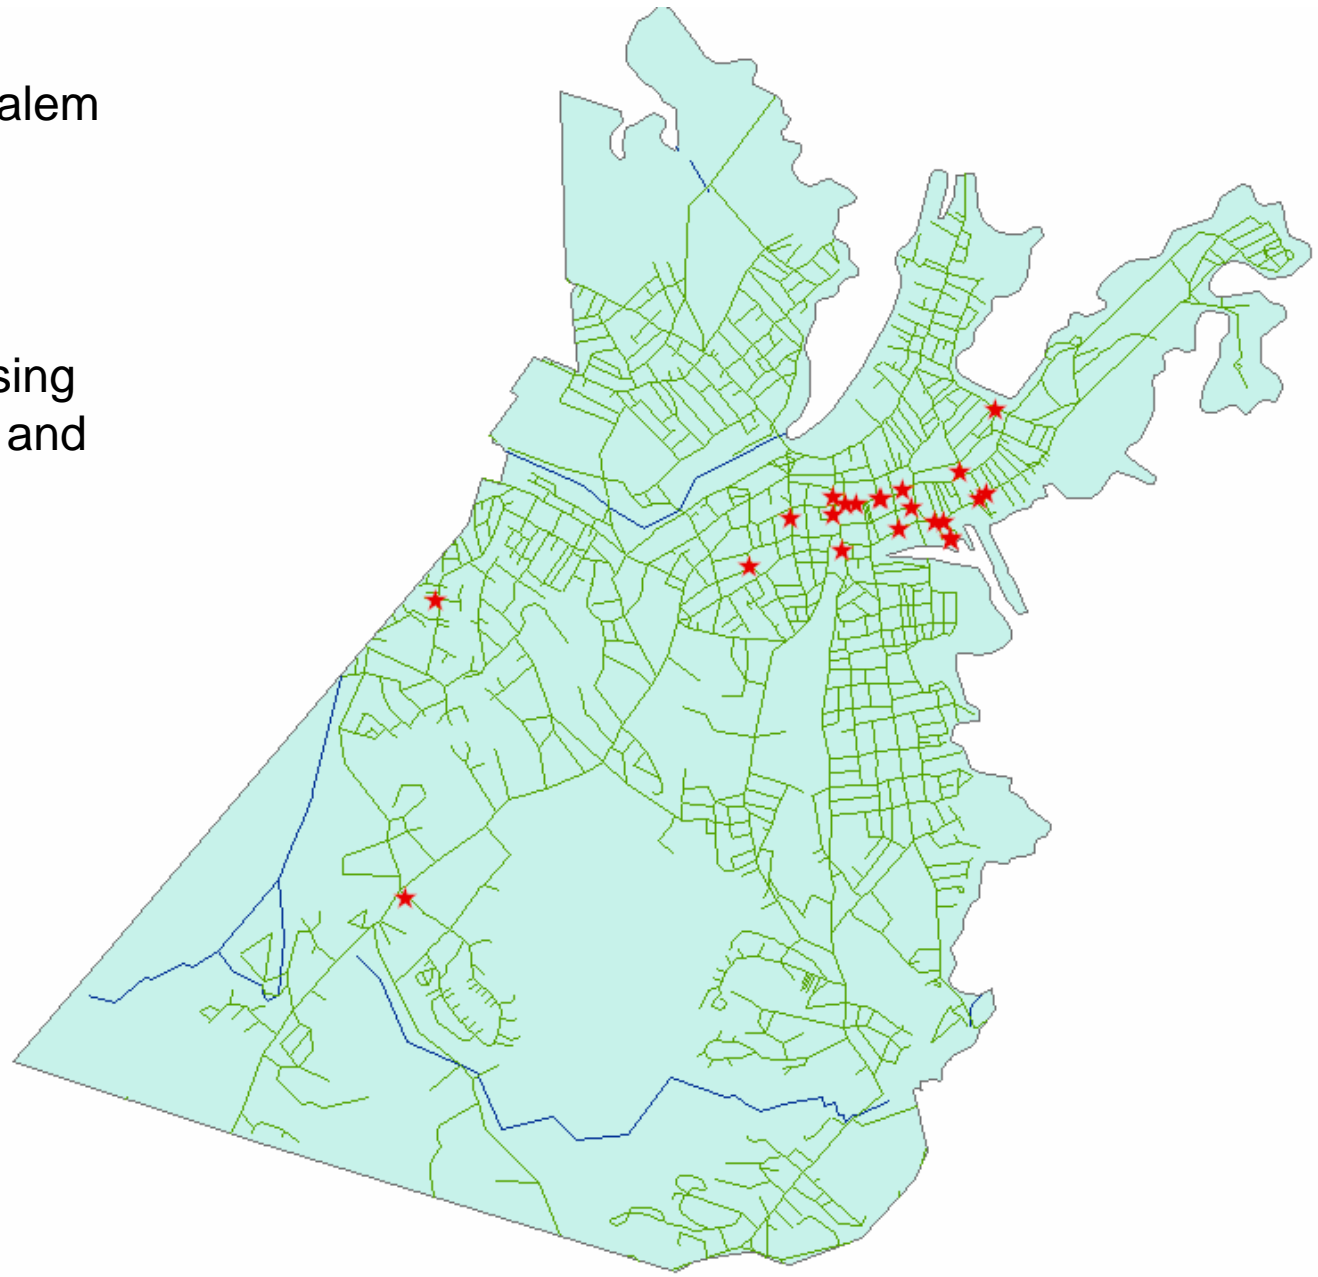

- Categorized as middle or lower level schools
- High school and higher disqualified as students can resist urge for candy or other witch capture tricks

Other Data Needed:

Broom Closet 3 Central Street Salem MA
Purveyors of Flying Brooms and other Witch Products

Employees estimate in fair weather a witch can fly on broomstick at 30 M.P.H.

Salem Police indicate a two minute response time to any 911 call within Salem*

Important Note: Given that the witch would want to fly back to “haunt” only half time is allowed. So 1 minute is total allowed flight time. Half of time being reserved for return trip so as to avoid capture.

SO Witch on broomstick has $\frac{1}{2}$ mile range from “haunts” to kidnapping sights (“at-risk schools”) in order to make it back in time to avoid capture. (1 minute @ 30 mph = $\frac{1}{2}$ mile)

* Salem Police force response times estimated

“Witches Haunts” with $\frac{1}{2}$ mile radius kidnapping range buffer

Schools that lie within Witch Kidnap Range

The Following Schools'
Children are at great risk
of kidnapping by witches
or other "Agents of Evil"

1. Carlton
2. Bentley
3. Federal St.
4. Math Studio
5. Henny Penny Nursery
6. St. Joseph
7. Collins Middle
8. Deanne
9. Saltonstall

Conclusion

- Salem Tourism Board, Trustees, Town Elders, Bureau of Commerce, and others are risking the lives of our children by allowing witches to “move in” and set up shop.
- Danger to our children does not outweigh profit from additional tourism
